Recent computer software products have brought us new tools for use as Real Time and Spectrum Analyzers with a variety of functions previously locked to dedicated hardware/software based products.

This presentation will offer a view of a range of these audio tools including demonstrations and discussion on how our presenters utilize them in their professional and personal audio endeavors.

Call for Presentations

"The Toronto section of the Audio Engineering Society is having an open call for presentations to be held at two special meetings of the section on August 24 and 25, 2008.

Presentations will be held at Toronto's International Center in conjunction with the **Pro Audio, Lighting and Video** show (PAL).

Subject matter should be of topics of an audio nature, but can be of niche interest. Talks can range from 15 minutes to 90 minutes and can incorporate slide shows, videos and audio examples.

Please contact AES PAL representative Keith Gordon (keithgordonca@yahoo.com) for further details or to submit proposals."

Call for Nominations for 2008-9 AES Toronto Executive.

Next Month's Meeting:
Tuesday, June 24
