	Join us for our Annual Year End Social , following the meeting and Election of the 2009-10 Toronto AES Executive.

A new aes.org is expected to launch some time in June 2009.

A primary goal of the new site has been to provide more value for AES members.

New features on the site include

- Member profiles
- worldwide section meeting reports viewable online
- tutorials from conventions (stream online, members only)
- improved layout
- easier navigation, better organization
- ability to easily search publications (papers, etc)
- AES Journal podcast
- AES Journal forum (discussion of papers)

The new website is a project of the Web Development committee which consists of AES Webmaster Steve Johnson, committee chair Nick Zacharov and two AES members living in Toronto: AES Vice-President, Peter Cook and former AES Student Delegate Assembly, Chair Josh Tidsbury.

Join us for a tour of the new site, to hear about some plans for the future, and in the process get an overview of the breadth and depth of the Audio Engineering Society.

Peter Cook has worked on local AES sections in various capacities since 1986. He has served as Vice-President, Eastern Region of US & Canada since 2006. He works as a producer for CBC Radio 2's website. <http://www.aes.org/aes/petercook>

Josh Tidsbury is a past chair of the Student Delegate Assembly of the AES and built the SDA website. A recent graduate of the sound recording program at McGill, Josh now works as a Post Sound Mixer and Systems Specialist at CTV. <http://www.aes.org/aes/joshtidsbury>

This meeting will also include the Election of the Toronto AES 2009-10 Executive.

The Toronto AES Section Bulletin is published ten times yearly by the Audio Engineering Society Toronto Section and is available on the Internet at www.TorontoAES.org
